

Peach Crisp

5-6 peaches, peeled and sliced (Blanch the peaches in boiling water for about a minute—the peaches will peel much easier that way).

½-¾ C sugar

2 T flour

Combine above. Add 1 T lemon or lime juice if you like.

Topping

1 C flour

¾ C sugar

1 t. baking powder

1 large egg

Mix the topping ingredients together until crumbly.

Place the peach mixture in a baking dish. Sprinkle the topping over the peach mixture. Melt a stick of butter (1/2 C). Pour over the topping mixture. Bake in a preheated 375 degree oven for about 30-35 minutes until the topping is browned and crisp. Enjoy!
